Automated Progress Tracker

From order open to close, you and your clients can track the status of the closing in real time. Qualia automatically sends updates as progress is made.

The screenshot displays the Qualia web application interface for tracking a real estate closing. At the top, the Qualia logo is followed by navigation links for ORDERS, REPORTS, and MANAGE, and a search bar labeled "Find order...". The main header area features a green background with a house icon and the text "Order #01-5891" and "Purchase of 202 Main Street Miami, Florida". Below this, a navigation bar includes "Overview" (selected), "Tasks 3", "Inbox", and "Documents".

The "Overview" section shows a progress bar with five stages: "Opened Not Set", "Processing 0 of 4 steps complete", "Closing Prep", "Closing Date", and "Post". The "Processing" stage is highlighted in green, and a text box below it states: "Your closing is currently in Processing. The settlement agency is preparing the title commitment and closing protection letter." Below this, a note explains: "The settlement agency is researching and analyzing historical property ownership information to make sure there are no title issues. This process takes a few days. Once complete, a document with the results will be provided to all parties for review."

The "Summary" section displays the property address "202 Main Street Miami, Florida" and a "View Property" link. Below this is a table with the following data:

SETTLEMENT AGENCY	ABC Title Company
ORDER #	QL-2019-5891

The "Parties" section shows a table with the following data:

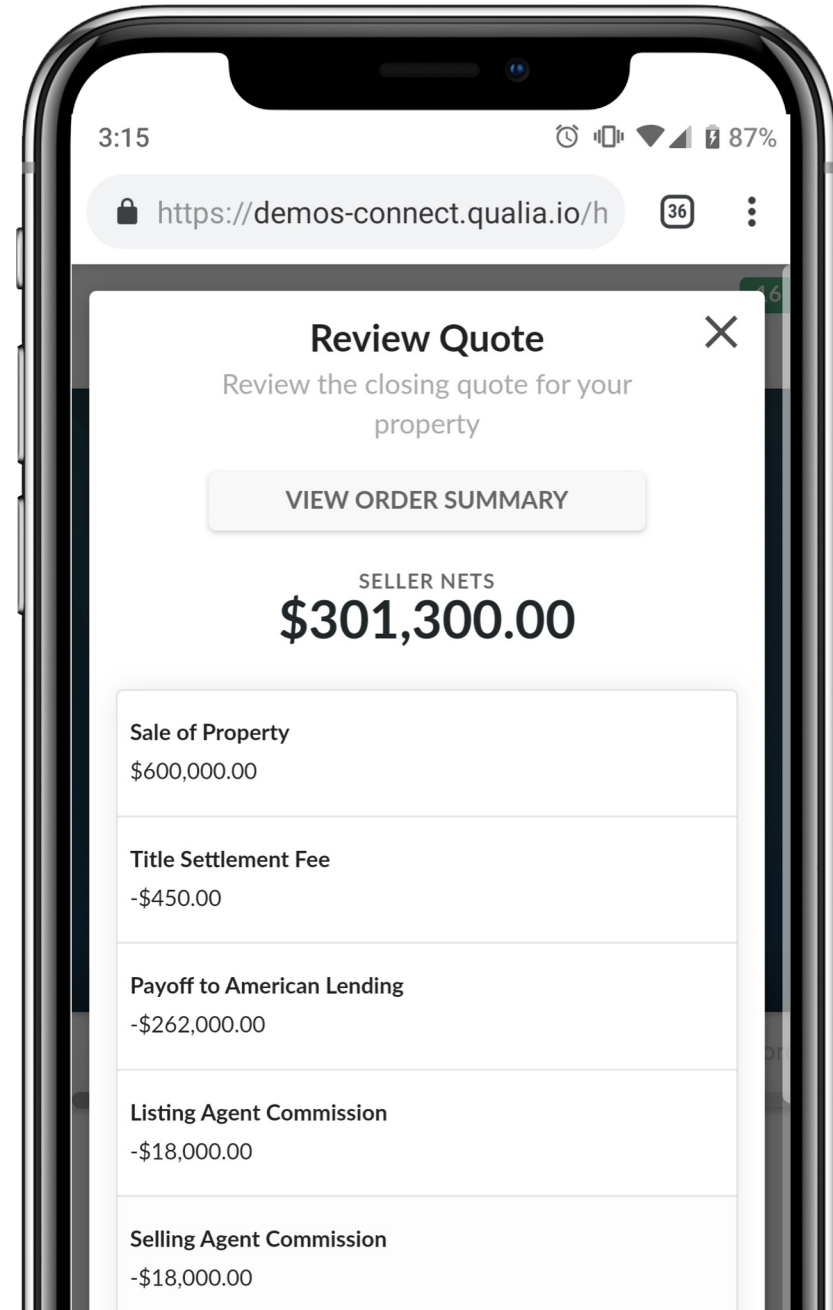

Role	Name
BUYER	Jack Lukic
SELLER	Barry Seller
